Tactical Firearms Training Carbine - Pistol - Shotgun Basic - Advanced - Force on Force

READY FOR THE FIGHT OF YOUR LIFE? Are you prepared with the skills to defend yourself, home or family? Do you want more training to become proficient with your pistol, rifle or shotgun? Have you just bought a firearm and want to learn how to use it?

Eagle 1 is now offering Firearms Training Courses to suit everyone. All of our basic courses are taught at the level of the new shooter. The basic courses advance over two days to bring the shooter to a proficient level with the firearm. Advanced courses focus on the skills and tactics in defense situations. Extensive live fire drills are used at both levels.

We can also provide you with group training/corporate events. Learn all the skills needed to operate a firearm while in a private group setting. Perfect for corporate team building or a fun outing for a group of friends.

We also train Tactical Teams. Please email for more information.
